

BEYOND POWER

A man with long dark hair and a beard, wearing a white racing suit, is shown from the chest up. The image is heavily overlaid with a semi-transparent red color, which is part of the overall design. The background is dark and out of focus, showing some mechanical parts of a vehicle.

ONE MAN IN THE NAME OF POWER

In this sport, the heart of a racer beats within every innovation. In 1973 Don Emler created FMF out of a desire to go faster. For nearly fifty years FMF has been leading in the pursuit of precision, power and speed. Now our mission expands. This is FMF VISION, a unique, stand alone optics brand created in partnership with the brilliant minds who brought us 100%.

Welcome to

VISIONARY PERFORMANCE

Power is in the details.

Power is committing to
all of the small things
which lead to innovation.

Power is for the
dreamers who bring
revolution to our world.

Power can be held in
your hands, but always
begins in the mind.

Power is to see what
others can not.

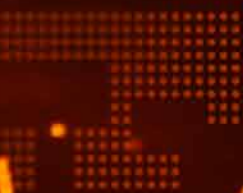

When our senses catch
fire, and ideas bond
with elements, we
experience...

THE POWER OF SIGHT
