

THE EVOLUTION OF THE ORIGINAL SMART HELMET

Next Gen. Mark II. Reimagined.

Call it what you'd like, but the EVOLution of design, fit and function of the Momentum EVO defines the future of Sena's smart helmet line.

- A new oval-shaped fit for easy wear
- Integrated Mesh Intercom™ Technology
- A contoured exterior for a sleek look
- An improved ventilation system and chin curtain
- Redesigned liner and pads for comfort and safety
- DOT and ECE certified

A NEW OVAL FIT FOR RIDING IN STYLE AND COMFORT

The Momentum EVO was constructed with an oval-shaped fiberglass shell for improved comfort, diminished wind noise, and better positioning of the speakers. The oval shape makes it easier to put on the helmet, sitting comfortably on your head. The redesigned liner and pads are softer than earlier models and are easier to remove. A highly effective ventilation system keeps you cool on your rides and the visor is scratch and UV resistant. For added versatility, the Momentum EVO comes Pinlock®-ready and includes a Pinlock anti-fog insert lens, reducing fog build-up. An optional smoke shield is also available. The Momentum EVO is available in matte black in sizes M-XL.

THE BENEFITS OF MESH, PACKED INTO A SLEEK HELMET

The Momentum EVO is fully integrated with both BLUETOOTH® and Mesh Intercom™ technology. The sleek helmet comes with built-in speakers, a built-in microphone and powerful Bluetooth connectivity so that you can safely make phone calls, listen to your favorite music, and easily hear turn-by-turn GPS directions. With Mesh Intercom™, connect effortlessly to Open Mesh with just one simple click, allowing you to communicate with a virtually limitless number of riders up to a mile away. Or, create a Closed Mesh with as many as 16 riders with a possible range of up to 5 miles.

ULTIMATE SAFETY AND FULL-FACE PROTECTION

A full-face helmet provides the highest level of safety for your motorcycle ride, and the Momentum EVO is no exception. The helmet is ECE certified, aerodynamically designed with a composite fiberglass shell and multi-density EPS foam to create the perfect fit. The neck roll is built with reflective material and piping to provide maximum visibility, and the reliable D-ring strap keeps your helmet secure during your most extreme rides.

AN INTELLIGENT WIFI CABLE THAT KEEPS YOUR HELMET FULLY CHARGED AND UPDATED

Every Momentum EVO comes packaged with Sena's Intelligent WiFi Cable. This accessory pulls double duty as it provides instantaneous firmware updates while also keeping the helmet fully charged. All it takes is a one-time setup and the cable is ready to go!

Head Measurement

Size	Head (centimeters)	Head (inches)	Hat Size (inches)
M	57 ~ 58cm	22 1/2 - 22 7/8	6 7/8 - 7
L	59 ~ 60cm	23 1/4 - 23 5/8	7 3/8 - 7 1/2
XL	61 ~ 62cm	24 - 24 3/8	7 5/8 - 7 3/4

HOW TO MEASURE:

1. Wrap a soft, flexible measuring tape horizontally around your head 1 inch above your eyebrows and ears. Pull the tape softly snug, read the length and repeat for accuracy. Use the largest measurement.
2. Select the helmet size that is closest to your head measurement from the Size Chart above. If your head measurement falls between two helmet sizes, it is suggested to go with the smaller size.

ECONO

ECONO

Stylish open face helmet packed with all the functions you want for a great value

AN INTEGRATED OPEN FACE HELMET BUILT FOR URBAN RIDING

The Econo is an all-new BLUETOOTH® integrated, open face helmet built specifically with urban riders in mind. The Econo comes fully equipped with built-in speakers & microphone and a high-quality two-way intercom system, so you can easily communicate across a range of up to 800 meters.

* available in EU markets only (ECE certification)

EASY-TO-USE FEATURE SET LETS YOU FOCUS ON YOUR RIDE

Riding through busy city streets can be strenuous. The Econo helmet will help make your ride a breeze with easy-to-use features. Use the built-in functions to take and make phone calls, listen to your music and even hear turn-by-turn GPS directions. Plus, the long battery life lasts up to 15 hours so your helmet can be ready for use all day. Simply re-charge the helmet using the micro USB port.

SUPER STYLISH DESIGN WITH OPTIMAL COMPONENTS FOR A SMOOTH RIDE

The Econo was crafted with all the components you need to make sure you have a safe, comfortable ride. The drop-down visor protects against the sun and is scratch resistant while multiple vents allow maximum air ventilation.
